

Spectacular science for primary schools

Creative Science Australia is a Sydney-based science communication business offering live science shows for primary schools. Creative Science Australia was established in 2013 by Jenny Lynch, a skilled communicator with 20 years' experience working in science and science communication for universities, government agencies, children's television and the toy industry. Jenny develops and presents most of the Creative Science Australia shows herself and works with a small team of scientists and science communicators who each bring additional skills and expertise to science show performances and other creative projects.

Five entertaining and interactive shows to choose from:

Sound Effects Show

Years K-6

Get into the groove and feel the vibrations in this comical exploration of the astounding world of sound, including hearing, pitch, and amplification. Audience members become Foley artists as they create sound effects using everyday objects to tell a strange and spooky story.

Syllabus Outcome: ST1-8PW-S

Electricity and Energy Show

Years 3-6

Sparks fly in this energetic and action-packed exploration of magnets, electricity, light, and energy transformations. Audience members are divided into two teams and play for points in the 'Electricity Quiz', under the watchful eye of a zany scorekeeper.

Syllabus Outcomes:
ST2-8PW-ST, ST3-8PW-ST

Freaky Forces Show

Years K-6

A hilariously hapless student of sports and martial arts invites the audience to fight the 'Freaky Forces' of gravity and friction. They drop, bounce and slide their way through some spectacularly funny science.

Syllabus Outcomes: STe-5PW-ST, ST1-8PW-ST, ST2-9PW-ST, ST3-8PW-ST, ST3-9PW-ST

Sub-Zero Slime Show

Years 3-6

A slimy, gooey, and cryogenically cool exploration of the states of matter and how heat causes a change of state. Solids and liquids are tested with slime, putty and wax, and spectacularly cool liquid nitrogen provides explosive demonstrations of the properties of gases.

Syllabus Outcomes: ST2-6MW-S, ST3-6MW-S

Creative Science Christmas Show — A fun show for a Term 4 celebration!

Years K-6

The 'Creative Science Christmas Show' is a celebration of the intriguing world of science, presented with Christmas sing-alongs and silly Christmas humour. A great way to end the school year, this festive show features demonstrations with spectacularly cool liquid nitrogen.

The following applies to all primary school shows:

Show duration: **50 minutes**

Audience size: **60-120 students per session**

Price: **\$5.50 per student** including GST

Minimum charge per school visit: \$550 including GST
(equivalent to 100 students @ \$5.50 each)
